DePauw + Kelley

Designed for students to combine an undergraduate degree in the arts and sciences with a master’s degree in business.

Study What You Love and Gain the Business Skills Employers Want

Earn a bachelor’s degree from top-tier programs in the arts, humanities, social sciences, or sciences and then jump start your career with momentum from the top-ranked Kelley School of Business. The DePauw + Kelley program is designed for undergraduates who want to combine the power of a science and technology education with business skills before or during entrance into the job market.

After completion of your undergraduate degree at DePauw University, the program offers a Master of Science in both part-time and full-time options. Students will learn from Kelley’s top-ranked faculty and graduate with one of Kelley’s top-ranked degrees.

**PART-TIME OPTION**

Summer Boot Camp and Online MS Degree

Begin with a summer boot camp in Bloomington and then take 15 months to 5 years to complete your graduate business degree online while you work full time.

- Begin DePauw + Kelley right after graduation with a four-week, 6 credit hour business fundamentals summer boot camp in residence at the Kelley School of Business in Bloomington, Indiana.

- Start working full time in July. You must have full-time employment secured before enrolling in the online portion of the program.

- Continue your education the following spring, enrolling in online coursework to complete the additional 24 credit hours you will need for your graduate degree in business.

  **Choose from one of the following degrees:**
  - MS in Business Analytics
  - MS in Entrepreneurship & Innovation
  - MS in Finance
  - MS in Global Supply Chain Management
  - MS in Marketing
  - MS in Strategic Management

- Take 15 months to 5 years to complete your degree, finding the pace that fits your life.

- Access graduate career services to develop a personalized career path, polish your interviewing and networking skills, and make connections with other potential employers.

**FULL-TIME OPTION**

Summer Boot Camp and MS in Information Systems

Begin with summer boot camps (Business Fundamentals and Information Systems Fundamentals) in Bloomington and then finish with coursework in Bloomington for two or three more semesters to complete a master of science in information systems (MSIS) degree.

- Begin DePauw + Kelley right after graduation with two boot camps in residence at the Kelley School of Business in Bloomington, Indiana: a four week, 6 credit hour business fundamentals summer boot camp and a non-credit certificate in information system’s fundamentals.

- Stay in Bloomington for an additional year or year and a half (depending on prerequisites) to complete coursework in the master of science in information systems (MSIS) program. No previous work experience is required for MSIS students—just an undergraduate degree from an accredited university.

  - Gain core skills in business and technology
  - Get coaching from faculty to improve your skills
  - Connect with corporate recruiters at top companies—97 percent of MSIS students receive job offers before graduation
  - Join an impressive network of alumni who hold jobs at companies worldwide
“Companies want college graduates who know how to think clearly, communicate persuasively, and solve problems creatively. So do we. A typical career will take you through many positions and responsibilities. We want to be a catalyst to help you advance as quickly as possible and reach your full potential. Whether you continue your education full time in our MSIS degree program or part time in one of our master’s programs, the + Kelley program will provide you with momentum to jump start a career and last you a lifetime.”
